# WELCOME TO CELESTIAL BASH!

Tonight, the entire museum is yours—  
inspiration, awe, and wonder await.  
Let your cosmic journey begin.

## **Other Worlds**

**Location:** *Upper Level*

Explore gas giants, ice giants, super Earths, and mini-Neptunes across our solar system and beyond in our newest exhibition!

## **Chasing Eclipses**

**Location:** *Lower Level*

Find inspiration from those who have seen and studied solar eclipses in the past and those in the present who have been in the shadow of the Moon during an eclipse.

## **Chicago's Night Sky**

**Location:** *Lower Level*

Get a first-hand look at the work Adler teens and experts are doing to measure light pollution in Chicago and help find solutions to restore and protect dark skies.

## **Stargazers Hub**

**Location:** *Lower Level*

Unravel the mysteries behind tools of observation. Join our curator for a peek at the Adler's most rare and valuable objects, then examine unique astronomical tools and historical instruments at the Cabinet of Curiosities with museum experience staff.

**Please note:** *Tours run on the hour for approximately 30 minutes.*

## **Atwood Sphere**

**Location:** *Chicago's Night Sky/Lower Level*

Journey through time on a live-guided tour inside Chicago's oldest planetarium. Since 1913, this iconic metal dome has been used to teach about Chicago's night sky.

**Please note:** *Tours run approximately every 15 mins. Capacity is limited.*

## **Captivating Sky Shows**

*Space Theater | Lower Level*

Sit back and take in one of our immersive dome shows

### **Niyah and the Multiverse**

*Time: 8:30 pm (approx run time 30 minutes)*

Follow Niyah, an imaginative Chicago pre-teen, on a visually stunning Afrofuturist journey through the multiverse! The first show of its kind and featuring the talent of local and international artists.

### **Cosmic Rhythms**

*Time: 9:15 pm (approx run time 25 minutes)*

Explore humanity's relationship with the cosmos and with each other through dance. Featuring the Adler's astronomy expertise, bold choreography, and dancers from the Joffrey Ballet.

### **Pink Floyd The Dark Side Of The Moon**

*Time: 9:45 pm (approx run time 45 minutes)*

Celebrate the 50th anniversary of one of the best-selling albums of all time with an immersive space and musical experience like you've never seen before.

## **Telescope Observing**

*Times: 8:00 pm–10:30 pm (weather permitting)*

*Location: Doane Observatory*

*(outside, behind the Adler. The Doane is accessible through the Main Entrance, Accessible Entrance and from the Lower Level at the back of Chicago's Night Sky)*

The Adler is home to the largest telescope available to the public in the Chicagoland area! That means tonight, our guests get to see the sharpest and brightest views of our universe that Chicago has to offer.

## **Look Up Lounge**

*Times: 8:00 pm–11:00 pm*

*Location: Grainger Sky Theater*

Our space visualizations are a fusion of art, science, and imagination—an invitation to explore the mysteries of the universe through a symphony of light and motion accompanied by the smooth sounds of jazz. You'll also have the opportunity to ask one of our astronomers your most curious questions!
